Whether you are entering 7th grade or 12th, all are great ways to spend your summer.

NWS maintains this list to assist students and families interested in the variety of summer programs available in the Seattle area, across the country, and around the world. Informational brochures for some programs are available in the College Counseling Office, but much of the information can be found on the programs' websites. NWS receives information on programs throughout the year and the list will be updated periodically.
